SUSTAINING FEES / REGISTRATION FEE
Information for the 2023-2024 Academic Year

The School Sustaining/Registration fee for the upcoming school year is \$275 per student for the first two children and \$225 for any remaining kids. This fee covers *registration costs, books, technology, milk for kindergarten snack, transportation, classroom periodicals, etc.* This fee does not go towards teacher salaries/benefits (your sacrificial giving to the parish covers salary/benefits and all the other expenses that registration fees do not cover). We have eliminated all the individual fees and have included everything that we use to collect into one easy payment, which will then be divided as needed internally. We are hopeful that this makes it easier for all involved. We would like for at least ½ of all fees be paid with the return of the packets or by **May 1, 2023**. All Registration balances need to be paid in full by **August 1st, 2023**. Thank you! Please call the office if you have any questions regarding this fee. This is just for Kindergarten through 8th grade students. Preschool registration is handled differently.

Home & School Sustaining Fee: For this next year, we are re-thinking how our Home & School functions by doing away with most of the Home and School fundraisers (*and thereby Home & School funding teacher salaries*). That method of operation is not sustainable and not compatible with the Stewardship Way of Life. To take the place of all the fundraisers, and still allow the Home and School to provide activities throughout the year for our students, we are asking every enrolled school family to pay a one-time H&S sustaining fee of \$150. This is in addition to the other fees listed above and will only go towards Home and School activities for your kids.
